Applicant Information

Organization Name San Francisquito Creek Joint Powers Authority - *

Tax ID 943401348

Proposal Name San Francisquito Creek Flood Protection and Ecosystem Restoration Capital Improvement Project, East Bayshore Road to San Francisco Bay - Phase I *

Proposal Objective The Project's goals are to improve flood protection, habitat, and recreational opportunities within the project reach, with the following specific objectives: 1) protect properties and infrastructure between Highway 101 and the San Francisco Bay from San Francisquito Creek flows resulting from 100 year riverine flood flows in conjunction with a 100-year tide and projected Sea Level Rise; 2) accommodate future flood protection measures farther upstream of the project that may be constructed; 3) enhance habitat along the project reach, particularly habitat for threatened and endangered species; 4) enhance recreational uses; and 5) minimize operational and maintenance requirements. *

Budget

Other Contribution	\$0.00
Local Contribution	\$8,700,000.00
Federal Contribution	\$0.00
Inkind Contribution	\$0.00
Amount Requested	\$8,000,000.00 *
Total Project Cost	\$16,700,000.00 *

Geographic Information

Section : Applicant Information Question Tab**APPLICANT INFORMATION QUESTION TAB****Q1. PROPOSAL DESCRIPTION**

Provide a brief abstract of the Proposal, including a listing of individual project titles or types.

The project for which Proposition 1E funding is sought is entitled the San Francisquito Creek Flood Protection and Ecosystem Restoration Capital Improvement Project, East Bayshore Road to San Francisco Bay - Phase 1. This is the only project contained in this proposal. The project proponent and Proposition 1E applicant is the San Francisquito

Creek Joint Powers Authority. Phase 1 of the project will perform as a stand-alone project; it will provide flood protection and ecosystem benefits independent of future phases or projects. Phase 1 will reduce local flood risks to homes and business, public facilities, park lands, an airport, a municipal golf course, and roadways during storm events by increasing stream flow capacity from the downstream face of East Bayshore Road to San Francisco Bay. It will also provide the capacity needed for Phase 2 of the project and future upstream flood protection projects being planned by the SFCJPA. Phase 1 will increase the Creek's flow capacity from Highway 101 to San Francisco Bay by (1) widening the Creek channel and creating new setback levees, (2) removing an un-maintained levee-type structure downstream of Friendship Bridge to allow flood flows from the Creek channel into the Palo Alto Baylands Preserve north of the Creek, and (3) Excavating sediment deposits down to mean higher high water and reshaping the channel throughout the project reach to maximize conveyance capacity, sediment transport, and beneficial habitat. Benefits of the project include full conveyance of creek flows up to the 100-year event during a 100-year tide under existing conditions (future phases and projects will accommodate future conditions), increased habitat for special status species, and improved recreational opportunities for the community. Additional work needed to accommodate Phase 1 construction includes relocation of a gas transmission pipeline and reconfiguration of some of the holes on an adjacent municipal golf course. The SFCJPA is coordinating with PG&E and the City of Palo Alto to implement these additional work items. Land acquisition needs for the project are limited to property owned by the City of Palo Alto, a member agency of the SFCJPA and a primary beneficiary of the project. The Project is near 60% design. The SFCJPA is preparing and Environmental Impact Report for the Project. It is anticipated that the final EIR will be adopted by the SFCJPA Board in February 2012. The total project cost for Phase 1 is \$16.7M. The SFCJPA is requesting \$8.0M in Prop 1E funding to accompany \$8.7M in secured local funding to implement Phase 1. Construction on the project is planned to begin in April or June 2012, depending on conditions set forth by the permitting agencies. Construction of all project elements within the channel will be completed in one construction season. All construction activities will be completed by Fall 2013.

Q2. PROJECT DIRECTOR

Provide the name and details (including email) of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.

Len Materman, Executive Director, San Francisquito Creek Joint Powers Authority, 1231 Hoover Street Menlo Park, CA 94025, (650) 561-4580, len@sfcjpa.org

Q3. PROJECT MANAGEMENT

Provide the name and contact information (including email) of the Project Manager from the applicant agency or organization that will be the day-to-day contact on this application.

Kevin Murray, Project Manager, San Francisquito Creek Joint Powers Authority, 1231 Hoover Street Menlo Park, CA 94025, (650) 561-4580, kmurray@sfcjpa.org

Q4. APPLICANT INFORMATION

Provide the agency name, address, city, state, and zip code of the applicant submitting the application. Also provide the name and contact information of the person filling out the online application.

San Francisquito Creek Joint Powers Authority, 1231 Hoover Street Menlo Park, CA 94025, (650) 561-4580. Kevin Murray, (650) 561-4580, kmurray@sfcjpa.org
Carl Morrison, (760) 724-9580, cmorrison@morrisonassociates.com Alyson Watson, (415) 404-6442, awatson@rmcwater.com

Q5. ADDITIONAL INFORMATION

Provide the funding area(s) in which projects are located.

http://www.water.ca.gov/irwm/integregio_fundingarea.cfm

San Francisco Bay Area

Q6. RESPONSIBLE REGIONAL WATER QUALITY CONTROL BOARD (S)

List the name of the Regional Water Quality Control Board (RWQCB) in which your proposal is located. For a region that extends beyond more than one RWQCB boundary, list the name of each Board.

http://www.waterboards.ca.gov/waterboards_map.shtml

San Francisco Bay Regional Water Quality Control Board (Region 2)

Q7. ELIGIBILITY

Is the application from an IRWM planning region approved in the RAP (See Section II B, Table 1)? If yes, include the name of the IRWM planning region. If not, explain.

San Francisco Bay Area Integrated Regional Water Management Plan

**Q8.
ELIGIBILITY**

Is the applicant a local agency or non-profit organization as defined in Appendix B of the Grant Guidelines?
Yes. A joint powers authority.

**Q9.
ELIGIBILITY**

List the urban water suppliers that will receive funding from the proposed grant. Those listed must submit self certification of compliance with CWC §525 et seq. and AB 1420. If there are none, so indicate and you do not have to answer Q10 and Q11.
The San Francisquito Creek Joint Powers Authority is not an urban water supplier.

**Q10.
ELIGIBILITY**

Have all of the urban water suppliers, listed in Q9 above, submitted complete 2005 Urban Water Management Plans (UWMP) to DWR? Have those plans been verified as complete by DWR? If not, explain and provide the anticipated date for having a complete UWMP. Will all of the urban water suppliers listed in Q9, along with any additional urban water suppliers that meet the urban water supplier definition threshold for the first time, submit updated 2010 UWMPs, consistent with the 2010 UWMP Guidebook and verified as complete by DWR, before the execution of a grant agreement? If not, explain.

N/A

**Q11.
ELIGIBILITY**

Have any urban water suppliers listed in Q9 recently submitted AB 1420 compliance tables and supporting documentation to DWR for a different grant program within the past three months? If so, please list the urban water supplier and the grant program. An urban water supplier must submit AB 1420 compliance documentation to DWR. If the urban water supplier has not submitted AB 1420 documentation, or that documentation was determined to be incomplete by DWR, the urban water supplier's projects will not be considered eligible for grant funding. Refer to Section IIIB of the Guidelines for additional information.

N/A

**Q12.
ELIGIBILITY**

Does the Proposal include any groundwater management or groundwater recharge projects or projects with potential groundwater impacts? If so, provide the name(s) of the project (s) and list the agency(ies) that will implement the project(s).

No.

**Q13.
ELIGIBILITY**

For the agency(ies) listed in Q12, how has the agency complied with CWC §10753 regarding GWMPs, as described in Section III.B of the Grant Guidelines?

N/A

**Q14:
ELIGIBILITY**

Does the applicant have a Stormwater Resources Plan developed pursuant to Part 2.3 (commencing with Section 10560) of Division 6 of the Water Code, or an IRWM Plan that includes the Stormwater Resources Plan requirements specified in Section 10562 of the Water Code? Please answer yes or no. If yes, please answer Question 15 or 16, as applicable.

- a) ☐ Yes
b) ☒ No

**Q15:
ELIGIBILITY**

For applicants with a Stormwater Resources Plan, does that Plan meet the standards set forth in Part 2.3 of Division 6 of the CWC? If yes, provide attachment 13.

- a) ☐ Yes
b) ☐ No

**Q16:
ELIGIBILITY**

For applicants with an IRWM Plan, does that Plan include the Stormwater Resources Plan requirements specified in Section 10562 of the CWC? If yes, provide attachment 13.

- a) ☐ Yes
b) ☐ No

**NOTES TO BMS
ADMINISTRATOR**

Provide notes about any potential problems you may have had with BMS that are particular to your application.
